

# Ram Goenka

## Curriculum Vitae

Department of Statistics, University of Pittsburgh  
rag334@pitt.edu  
ramgoenka.github.io

### Research Interests

Image & Statistical Signal Processing, Stochastic Processes, High-Dimensional Statistics

### Education

Aug. 2025 – **M.S. Statistics**, University of Pittsburgh

May 2027 Thesis Advisor: Prof. Satish Iyengar

Aug. 2021 – **BSLAS Mathematics, BSLAS Statistics**, University of Illinois Urbana-Champaign

May 2025 Minor in Computer Science

### Research Experience

Aug. 2023 – **Undergraduate Research Assistant**, [National Center for Supercomputing Applications](#)

May 2025 Mentor: Prof. Rebecca Lee Smith, University of Illinois Urbana-Champaign

Jun. 2024 – **Undergraduate Research Assistant**, [Polymath Jr.](#)

Aug. 2024 Mentor: Prof. Alexandra Secoleanu, University of Nebraska-Lincoln

Aug. 2023 – **Undergraduate Research Assistant**, [Illinois Risk Lab](#)

Dec. 2023 Mentor: Prof. Runhuan Feng & Dr. Peixin Liu, University of Illinois Urbana-Champaign

### Teaching Experience

Aug. 2022 – **Undergraduate Teaching Assistant**, STAT 107: Data Science Discovery

May 2025 University of Illinois Urbana-Champaign

May 2022 – **Undergraduate Teaching Assistant**, CS 124: Intro. to Computer Science I

May 2023 University of Illinois Urbana-Champaign

### Professional Experience

May 2024 – **Data Analytics Intern**, Synchrony Financial

Aug. 2024

May 2023 – **Software Engineering Intern**, COUNTRY Financial

Aug. 2023

Sept. 2022 – **Software Engineering Intern**, National Center for Supercomputing Applications

Aug. 2023

### Selected Coursework

#### University of Pittsburgh

- ECE 2160: Embedded Computer System Design
- ECE 2372: Pattern Recognition
- ECE 2390: Image Processing and Computer Vision
- ECE 2523: Digital Signal Processing
- ECE 2646: Linear Systems Theory
- ECE 2671: Optimization Methods
- 11-755: Machine Learning for Signal Processing (at Carnegie Mellon University SCS)
- MATH 2301: Analysis 1 (Measure Theory)

- CS 2750: Machine Learning
- STAT 2221: Advanced Applied Multivariate Analysis
- STAT 2630: Intermediate Probability (Calculus Based)
- STAT 2640: Intermediate Mathematical Statistics
